Amendment No. 1 to Draft Registration Statement on Form S-1

Selected Consolidated Financial and Other Data
Consolidated Statements of Operations Data, page 73

1. Note (a) to your computation of unaudited pro forma basic and diluted net loss per share adjusted the numerator to reflect stock-based compensation expense related to RSUs for which the service-based vesting condition and performance-based vesting condition have been satisfied in connection with the offering. However note (b) appears to indicate that you have also included other stock based awards in the adjustment to the denominator. Please clarify the awards that are included in this adjustment and why it is appropriate to include them as a pro forma adjustment. Please

also clarify how you considered including the compensation expense associated with these awards in the numerator to your pro forma calculation.

2. Note (b) to your computation of unaudited pro forma basic and diluted net loss per share indicates that your adjustment includes 1,788,000 RSUs that vested as of March 31, 2021

for which the performance-based vesting condition will be satisfied in connection with this offering. However, your disclosure on page F-37 indicates that there were only 34,000 RSUs outstanding as of January 1, 2021 and 8 RSUs granted during the three months ended March 31, 2021. Please reconcile these disclosures. Non-GAAP Financial Measures, page 77

3. You disclose a Free Cash Flow that is adjusted for the Tender offer-related costs. Please tell us what consideration was given to the guidance in Item 10(e)(1)(ii)(A) of Regulation S-K, which states that non-GAAP liquidity measures must not exclude charges or liabilities that required, or will require, cash settlement absent an ability to settle in another manner. Please explain or revise your disclosure accordingly. Management's Discussion and Analysis of Financial Condition and Results of Operations Subscription, page 82

4. We note your response to prior comment 4. Please disclose the renewal rates and any known material trends related to renewal rates for each of the subscription plans for all periods presented. 5. Please further clarify the nature of your volunteer program whereby contributors became eligible to receive a \$5,098,000 award. Clarify if the contributors are employees and the terms of the arrangement, including specific services provided and eligibility criteria. Tell us how you determined it was appropriate to recognize expenses during the quarter ended March 31, 2021 rather than prior periods as services were provided. Please also clarify if other parties will perform these services in the future and if you expect to incur increased expenses as a result. If so, please clarify your disclosure on page 92. Lastly, tell us why it is appropriate to exclude these expenses from your Adjusted EBITDA calculation disclosed on page 76, and how you took into consideration Rule 100(b) or Regulation G.
